

Ritter ProCure

Curing light

Ritter ProCure

- Wireless
- Three working modes: Full, Ramping, Pulse
- Curing light up to 50 seconds
- Constant light intensity. The solidification effect is stable.

Technical specifications:

Rated Voltage::	24 V~
Rated Input:	≤8 W
Power:	from 1000 mW/cm ² to 1200 mW/cm ²
Light source:	blue light 385–515 nm
Working concitions:	
Environment temperature:	5°C to 40°C
Relative humidity:	30 %–75 %
Dimension:	26x25x260 mm
Weight:	135 g
